

HONACOUSTIC

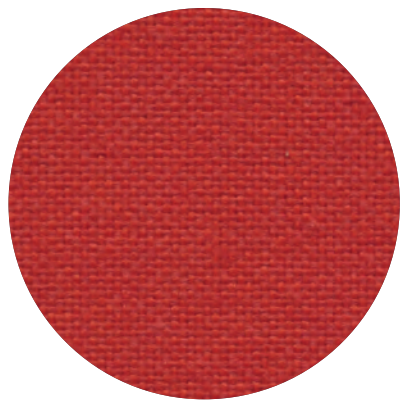

FABRIC SWATCHES - line PLUS

Do you want to match the colour of acoustic furniture with the surroundings? It's a piece of cake with HONacoustic furniture. You can choose from a wide range of decorative fabrics from the leading suppliers of high-quality textiles that meet the criteria for flamability, ecology, acoustic and other properties. Three material lines that we have prepared for you will help you to harmonize the interior or on contrary enliven it by choosing the right colour and thus elevate the acoustic furniture to a distinctive design element of your office.

The **PLUS** line is available in a wide range of colours, so choosing the right shade is not rocket science. Fabrics are made of flame retardant Trevira CS fibres. Thanks to silver ions Jet Bioactive fabric has highly antibacterial effect.
